2. On 20 August, a train of 23 flatcars and 15 boxcars was seen at the Doberlug-Kirchhain railroad station. The train carried guns and escorting VP personnel, came from Eggesin and went to Hennersdorf.
3. On 26 August, a train of 10 boxcars and 15 flatcars carrying troops and trucks was seen at the Doberlug-Kirchhain railroad station. The shipment had come from the direction of Halle and went toward Cottbus.

- 25X1A 1. Comment. The trains reported by source were almost exclusively AAA shipments, which is indicated by the dispatching and receiving stations. Train [redacted] to Guestrow may be an exception. The trains which left Neubukow and Kroepelin on 6 August, probably with units of the 5th Gds AAA Div (US), were reported for the first time. [redacted] a train from Neubukow to Aug on 7 August, however, without shipment record number. See [redacted] Other trains reported for the first time included: train [redacted] probably carrying a medium AAA unit of the air force; train [redacted] probably carrying AAA units of the 13th Meck Div; and train [redacted] probably carrying an AAA unit of the air force.

- 25X1A 2. Comment. The train presumably carried surplus equipment of the Armeegruppe Nord of the KVP. Compare with similar information by another source. See [redacted] 25X1A
